University of Pécs

BA in Commerce and Marketing
Sep 2009 - May 2013

Profile

UX/UI & Motion Designer with 6+ years of experience creating motion graphics, UI prototypes, and Lottie animations. Skilled in Adobe Creative Suite, Figma, and AI-assisted design workflows. Focused on crafting clear, engaging digital experiences through strong visual storytelling.

Experience

UX/UI Designer

platformOS · Full-time · Remote | June 2025 - Present

- **Conducting UX research and creating landing page templates** for multiple community solution types, iterating designs based on stakeholder feedback.
- **High-fidelity wireframing and interactive prototyping** using design-system components, collaborating closely with design team and developers.
- **Redesigning government websites, landing pages, and dashboards** through iterative design cycles, enhancing clarity, accessibility, and user flow.
- **Using AI-assisted design tools (e.g., Figma Make)** for ideation, and coordinating with cross-timezone teams to align product decisions and delivery.

Motion & UX Designer

Self Employed · Freelance | Sep 2020 - Present

- **Designed 50+ motion graphics for digital campaigns**, created explainer videos, Lottie animations, logo animations, and UI prototypes.
- **Developed high-quality animations and UI prototypes** using Adobe After Effects, Illustrator, and Lottie, ensuring seamless integration into digital platforms.

UX Projects | Designer

Personal projects | 2022 – Present

- **Google UX Design Certificate**: Completed a comprehensive program covering user research, wireframing, prototyping, and usability testing.
- **Designed mobile app and website prototypes**, improving navigation, accessibility, and conversion through iterative UX research and testing.

Guitarist

Halott Pénz | 2013 – Present

Since 2013, I've been a guitarist for the acclaimed Hungarian band **Halott Pénz**, contributing to chart-topping hits and powerful live performances. Alongside music, I pursued freelance motion design projects for small businesses, and continued personal development through online courses.

Freelance Animator

Self-employed | 2013 - 2015

- **Creating engaging explainer videos** for small and medium enterprises across international markets
- **Crafting clear, visually compelling narratives with a strategic approach**, ensuring each video resonated with target audiences and delivered measurable results

Public Relations Assistant

FERLING · Full-time | Dec 2013 - May 2014

Developed marketing and communication content, including copywriting, press liaison, and social media.

Content Executive

App Media Network · Internship | Dec 2013 - May 2014

London, United Kingdom
